RE: Kitty Hawk Administrative Site Master  
Development Plan FEIS: CEQ# 20100248

Dear Ms. Garcia:

The U.S. Environmental Protection Agency (EPA) Region 8 has reviewed the final Environmental Impact Statement (FEIS) for the Kitty Hawk Administrative Site Master Development Plan in accordance with EPA's responsibilities under the National Environmental Policy Act (NEPA), 42 U.S.C. Section 4321, et seq., and Section 309 of the Clean Air Act, 42 U.S.C. Section 7609. This FEIS was prepared by the U.S. Department of Agriculture – Forest Service (FS) to analyze the impacts related to the proposed expansion of the Kitty Hawk Administrative site.

Our review found the FEIS responsive to EPA's concerns with the Draft EIS. Your responses to comments and changes to the EIS regarding the Utah prairie dog and sustainable building practices provide EPA and the public with a better understanding of how FS intends to implement this project.

If you have any further questions, please contact me at 303-312-6004 or you may contact the lead reviewer for this FEIS, Gina Cristiano, of my staff at 303-312-6688.

Sincerely,

Larry Svoboda
